

Student Social Media Policy In and Out of School

As a developed society we live in, we aim to spread awareness in every aspect we can, starting from internet usage, to have the best possible version of ourselves.

Types of devices permitted in school:

- IPad (school provided)
- Laptops (when required for presentations and projects)

Tolerated software programs in school:

- School related programs Ex: E books, educational programs, etc..
- School related websites Ex: school's website, khan academy, etc..
- Word processing
- Spreadsheet
- Internet browser for school research purposes.

A word of advice to follow in and out of school:

- ❖ Do not try to access any school prohibited programs
Reason: programs you desire to access are sabotaging your chances of learning.
- ❖ Do not blindly post photos of yourself online
Reason: every photo posted on social media is being spread without your consent. Think twice!
- ❖ Being negative and spreading hate is not good for you.
Reason: All internet usage is recorded
- ❖ Be careful with what you say on social media
Reason: anything you say to anyone can and might be reported to the authorities
- ❖ Do not respond to any harassing messages. **Reason:** It may lead to a bigger issue. Directly report it!
- ❖ Do not post personal information online. **Reason:** all data is monitored.
- ❖ Do not meet with strangers you talk to online. **Reason:** the person you are talking to might not really be who he/she claims to be.
